PROFESSIONAL SUMMARY

Computer Science & Engineering student with a strong foundation in Java, Spring Boot, Hibernate/JPA, SQL and object-oriented programming. Hands-on experience developing backend-oriented web applications using Spring Boot, Spring Data JPA, MySQL and REST APIs with layered MVC architecture. Currently pursuing Full Stack Java Development training at QSpiders, with practical exposure to enterprise-oriented application development, database integration and API testing. Interested in Java/Spring Boot backend development and building scalable, maintainable applications.

EDUCATION

Sam HigginBottom University of Agriculture Technology & Science, Prayagraj

B.Tech in Computer Science & Engineering | CGPA: 6.8 (Till 7th Semester) | 2023 – 2026

Asansol Institute of Engineering & Management Polytechnic, Asansol

Diploma in Computer Science & Technology | CGPA: 8.8 | 2020 - 2023

TRAINING & INTERNSHIPS

QSpiders - Full Stack Java Development Training | Ongoing

- Comprehensive training in Core Java, Advanced Java, OOP, JDBC, Servlets, Hibernate, Spring, SQL, HTML, CSS and JavaScript, with emphasis on backend development, database connectivity and building web applications.

Ardent Computech - Data Science & Machine Learning Using Python | Apr 2022 - May 2022

- Applied Python and machine learning concepts to develop a Blood Pressure Monitoring System, gaining practical exposure to data processing and application development.

Ardent Computech - PHP & MySQL Internship | Dec 2022 - Jan 2023

- Developed an Online News Portal using PHP and MySQL, working with server-side programming, database operations and web application functionality.

Netcamp Solution - Internship | Aug 2024 - Sep 2024

- Gained practical exposure to web development, Android application development and network management through hands-on technical work.

PROJECTS

[Smart Career Assistant](#) | Java, Spring Boot, Hibernate/JPA, MySQL, HTML, CSS, JavaScript

- Developed an AI-powered career platform covering resume analysis, ATS matching, interview preparation, job-role prediction, job recommendations and learning roadmaps.
- Implemented a layered Spring Boot MVC backend with controllers, services, repositories and DTO/model layers, using Spring Data JPA for database persistence.
- Integrated AI-driven services and resume/PDF processing while managing user, job and resume-related data in MySQL.

[AI-Powered Mental Health Companion](#) | Python, Flask, SQLite, HTML, CSS, JavaScript

- Developed a Flask-based conversational web application with emotion-aware responses and AI-assisted interaction.
- Implemented authentication, session handling, chat history, journaling and mood tracking with SQLite persistence.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, Python

Backend: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs

Database: MySQL, SQLite

Web: HTML, CSS, JavaScript

Tools: Maven, Postman, Git, GitHub

Core Concepts: OOP, DSA, DBMS
